Processing Information

Collections are processed to a variety of levels, depending on the work necessary to make them usable, their perceived research value, the availability of staff, competing priorities, and whether or not further accruals are expected. The library attempts to provide a basic level of preservation and access for all collections, and does more extensive processing of higher priority collections as time and resources permit.

This collection received a basic level of processing in 2014, including rehousing and minimal organization.

Information included in the Description of Papers note and Collection Contents section is drawn from information supplied with the collection and from an initial survey of the contents. Folder titles appearing in the contents list below are often based on those provided by the creator or previous custodian. Titles have not been verified against the contents of the folders in all cases. Otherwise, folder titles are supplied by staff during initial processing.

This finding aid may be updated periodically to account for new acquisitions to the collection and/or revisions in arrangement and description.

Scope and Contents

Collection of pamphlets, broadsides, and other ephemera concerning the history of the book in California collected by John Swingle (Yale 1943), proprietor of Alta California Bookstore, Berkeley, California. Materials relate to publishing, fine presses, booksellers, collectors, and institutions in California. Huntington Library and Art Gallery; the William Andrews Clark Memorial Library of the University of California, Los Angeles; San Francisco Public Library; Pasadena Public Library; Los Angeles Public Library; California State Library; Mills College; and the University of California system are documented through extensive files. California book clubs and historical societies are also well-represented, including the Book Club of California; the Bohemian Club; the Roxburghe Club; the California Society of Etchers; the Library Association of California; the California Historical Society; and the Historical Society of Southern California. Finally, booksellers and companies represented in the collection include Jake Zeitlin Books, Paul Elder and Company; Ernest Dawson and Dawson's Book Shop; and Swingle's Alta California Bookstore.
