**Processing Information**

This finding aid is updated periodically to account for new materials that have been added to the collection. The date of the most recent update is noted on the title page. For information on material that may have been acquired for the collection since the last update, please consult the Public Service Desk.

This finding aid contains materials previously cataloged in the Manuscript Card Catalog, in the General Collection Manuscript Miscellany, and as GEN MSS 317 and 518; GEN MSS VOL 81, 85, 137, 171, 208, 407-410, 420, 424, and 428-436; and GEN MSS FILE 17, 22, 29, 241, 330, 339, 359, 372, and 380-381. Shelf locations were formerly listed under group numbers consisting of a sequential number and name (e.g. Group 1, Massenet, Jules). Group numbers were discontinued in 2010 April. Shelf locations are now identified by a storage format (Folder, Oversize Folder, Restricted Fragile Folder, or Volume) followed by an item number. Former group numbers for materials added before 2010 April are noted in folder notes.

**Scope and Contents**

This finding aid encompasses single manuscripts and small groups of manuscripts relating to music, acquired by the Beinecke Library from various sources and at various times. Some individual music manuscripts representing complete works are also cataloged in Yale University Library’s on-line Public Access Catalog (Orbis), in addition to being listed here.

Materials are grouped alphabetically by name. Within each name heading, materials are organized in three subgroups: Correspondence, Music, and Other Papers. Within each subgroup, folders and volumes are listed by folder or volume title, except Music, which is arranged alphabetically by work title and subarranged by folder or volume title. Correspondence files contain outgoing letters from the name in the group heading to other correspondents, unless otherwise indicated. Music is written the composer’s holograph, unless otherwise indicated.

To request materials listed here, please cite the Music Miscellany call number, written as GEN MSS MUSIC MISC, followed by the folder or volume number, including oversize designation if present, all of which appear at the beginning of the item description. For example, to obtain Folder 1 from the materials listed under Jules Massenet, request:
