## **Scope and Contents**

The Alumni files contain information about graduates of Andover Newton Theological School and its predecessors. This finding aid provides a rough guide to the years of graduation that are included in each box so that boxes can be retrieved from off-campus shelving for more specific investigation. The finding aid will be refined to include all the names of alumni in the future, as time permits. The names provided indicate the first and last folder in each box, to assist with locating individuals when years of graduation may be spread across two boxes.
